## Final Performance Report

**State:** Oklahoma

**Grant Number:** F06AF00006 (T-2-P-2)

**Grant Program:** State Wildlife Grant Program

**Grant Title:** State Wildlife Grant/CWCS Coordination

**Grant Period:** January 1, 2006 – December 31, 2015

**Report Period:** January 1, 2006 – June 30, 2013 (Ended early)

**Project Leader:** John Stafford (2006-2012), Andrea Crews (2013)

### A. Objective:

To plan, train, coordinate and supervise Oklahoma's Federal Assistance in State Wildlife Grants Program and the implementation of the Oklahoma CWCS, monitoring of species and habitat, monitoring of conservation actions for effectiveness, and periodic revision of the CWCS.

### B. Summary of Progress:

During the seven and a half years this grant was open, coordination activities were provided for 59 different Oklahoma SWG grants, each spanning multiple years (Table 1). In an individual year, the number of SWG grants coordinated ranged from 13 to 32. Coordination activities supported all aspects of the grant cycle:

- Reviewed project statements for soundness and design
- Prepared grant packages for submission to the USFWS Wildlife and Sport Fish Restoration Program (WSFR)
- Communicated regarding grants with principal investigators/project leaders, Oklahoma Department of Wildlife Conservation administrators and WSFR
- Administered pass-through SWG grants to universities (created cooperative agreements and purchase orders, reviewed invoices for accuracy and documentation of match, reviewed monthly progress reports, monitored grants through site visits, etc.)
- Maintained documentation of expenses for all grants
- Performed monthly draw for reimbursement
- Amended grants as necessary
- Reviewed and submitted interim and final performance reports
- Prepared and submitted final financial reports

In 2012 a separate SWG grant (T-62-R-1) was initiated to complete the revision of Oklahoma's Comprehensive Wildlife Conservation Strategy.
