

2010 ANNUAL REPORT

A CONSTITUTIONAL AGENCY FUNDED BY SPORTSMEN AND WOMEN
THROUGH THEIR PURCHASE OF HUNTING AND FISHING LICENSES.

BEN DAVIS

The Wildlife Department's mission is to manage Oklahoma's wildlife resources and habitat to provide benefits for present and future generations of hunters, anglers and outdoor enthusiasts.

WHO WE ARE

The Oklahoma Department of Wildlife Conservation is the state agency responsible for managing fish and wildlife. The ODWC issues hunting and fishing licenses and makes sure the public has important information about outdoor recreation. We enforce rules and regulations and have numerous programs that provide for healthy resources and satisfied customers.

The Wildlife Department was created as a one-man agency in 1909. The first hunting license was created at a cost of \$1.25 to fund the Department, setting the precedent of a non-appropriated, user-pay/user-benefit agency. In 1956, state voters passed a constitutional amendment establishing the Oklahoma Department of Wildlife Conservation as the constitutional agency it is today. The amendment was enacted in 1957.

The Wildlife Department receives no general state tax appropriations and is supported by hunting and fishing license fees and federal excise taxes on hunting and fishing equipment.

OUR MISSION

To manage Oklahoma's wildlife resources and habitat to provide scientific, educational, aesthetic, economic and recreational benefits for present and future generations of hunters, anglers and others who appreciate wildlife.

Department Organization

The Department is organized into five major divisions: Administration, Fisheries, Information and Education, Law Enforcement and Wildlife.

Updated 11/2010

The Wildlife Department is funded directly and indirectly by hunting and fishing license sales.

DEPARTMENT FUNDING

The Department remains a non-appropriated, user-pay/user-benefit agency that is funded either directly or indirectly by hunting and fishing license sales. In fiscal year 2010 the Department operated with an estimated \$51.6 million in revenue. Specifically, major revenue sources are: annual license sales, \$17.9 million; federal wildlife and sport fish restoration grant revenue, \$16.2 million – this income is based on a formula that includes certified number of hunting and fishing licenses sold in the state; interest income, \$3.4 million; other wildlife sales, \$5.4 million; agriculture and oil leases, \$2.9 million; miscellaneous income including donations, \$5.6 million.

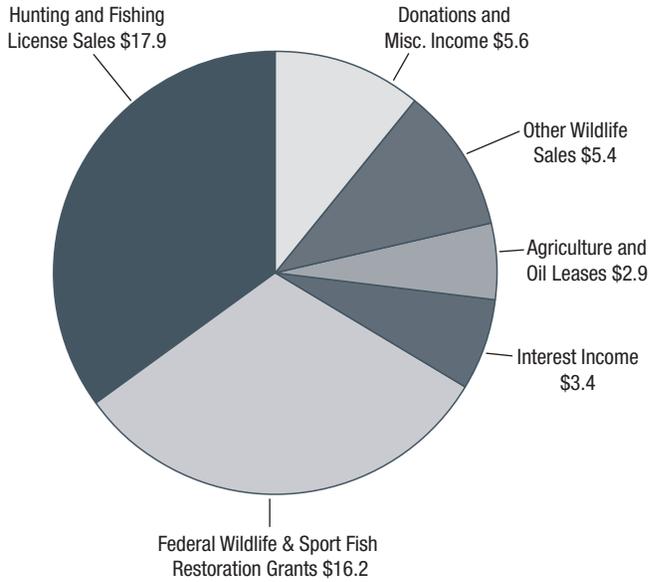

LIFETIME LICENSE

Trust Account

- When a lifetime license is sold, the money goes in the lifetime license trust fund. The principal cannot be spent but the interest investment income can be used for operations.
- First lifetime combination license was sold in 1969 for \$150.
- \$80 million in the trust fund.
- 200,484 lifetime licenses sold since 1969.
- More than 50 percent of all licensed hunters / anglers are lifetime license holders and no longer purchase annual licenses.

ODWC FY 2010 REVENUE

(in millions)

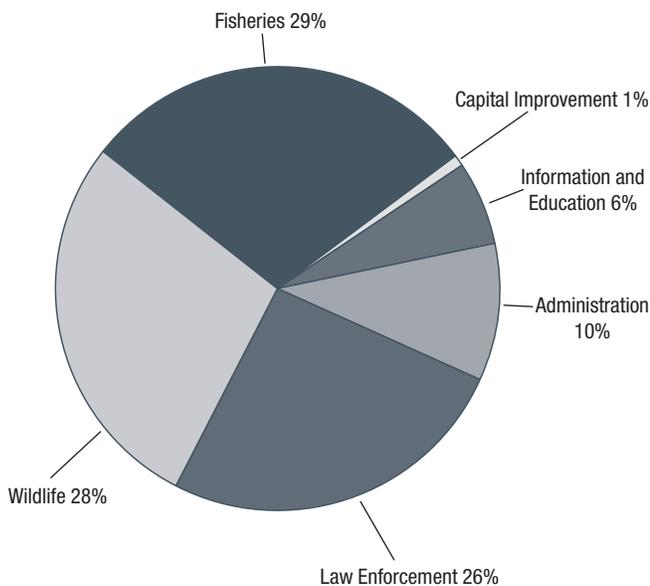

THE ODWC DOES NOT RECEIVE GENERAL STATE APPROPRIATIONS. LICENSE SALES AND FEDERAL WILDLIFE AND SPORT FISH RESTORATION PROGRAM GRANT REVENUE ARE ITS TWO MAIN SOURCES OF FUNDING.

Last year, the Wildlife Department invested \$2.4 million on educational programs like the popular Archery in the Schools program.
